

OCEANS TRACK--NAEP--Denver 2011--“7TH GENERATION THINKING”

The purpose of the Oceans Track is to provide an introduction to important issues concerning the oceans, highlight how human impacts are changing them, and identify solutions if we are to continue to have a productive and enjoyable harmony with the oceans.

This year’s four Oceans Track presentations will be given on Thursday, April 28, in Sessions 14 (9:45am) and 18 (1:45pm). Session 14 consists of three presentations discussing Gulf of Mexico collaboration and protected marine species monitoring. The Session 18 panel will discuss Gulf of Mexico Blowout response and recovery.
